

# Are you taking a high-cost maintenance medication?

Your employer is providing a new service to enrolled members in your current health plan. It's a prescription drug benefit and advocacy program provided through SHARx.

The SHARx program procures these targeted medications for members through alternate access points - many times at \$0 cost to the member.

Watch this video to learn more about SHARx!

## What is SHARx?

SHARx is an advocacy solution provided by your employer. This program was created to extend advocacy program benefits to employees like you. Our role is to help facilitate the on-boarding and advocacy process for each eligible member of your employer's health plan and provide access for all high-cost medications.

## GETTING STARTED

1

If you have already received the welcome email from us, follow the custom link in the email to create your account

2

If you have already created your account but still need to finish onboarding with SHARx please go to [app.sharxplan.com](http://app.sharxplan.com)

3

If you need to speak with a member of our team to onboard with SHARx please call 314-451-3555 or email [sharx@sharxplan.com](mailto:sharx@sharxplan.com) to speak to our team of advocates
